2. SparkleBox

<http://www.sparklebox.co.uk/>

Summary: Full color printable resources for the classroom. Some also include Interactive Whiteboard downloads.

Activity: Take a few minutes to browse the SparkleBox resources and download items you might find useful in your classroom to print later.

Tip: Make sure you pay attention to the copyright information.

3. Read, Write, Think

<http://www.readwritethink.org>

Summary: Read, Write, Think contains in depth lesson plans and student interactive activities for language arts.

Activity: Find an interactive activity that you

would incorporate in a lesson during the first 9-weeks in any subject. Add the interactive and your idea to the collaboration website.

<http://technology4classrooms.wikispaces.com/Primary+Websites>

4. Wordle

<http://www.wordle.net/create>

Summary: Wordle takes a written entry and highlights words that are most often used.

Activity: Create a wordle together with sight words. Share some other ideas of how to integrate Wordle into the classroom. Write them here in the space provided.

5. BBC's KS2 Bitesize

<http://www.bbc.co.uk/schools/ks2bitesize/index.shtml>

Summary: The BBC has some great content in Math, Science, and Language Arts. They are videos, simulations, and educational games.

Activity: Explore the website and find one activity that you can use in the classroom this year. Add it to our collaboration page and be sure to include your integration idea!

<http://technology4classrooms.wikispaces.com/Primary+Websites>

6. Kerpoof

<http://www.kerpoof.com/>

Summary: Kerpoof is a creativity site. Students are encouraged to use their imaginative juices to create scenes, stories, and more! Kerpoof also includes a teacher account for use in your classroom.

Activity: Choose either spell-a-word or Draw a Picture. Be ready to share an idea that can incorporate one of these or another Kerpoof activity into your curriculum. Write ideas down in the space provided.

7. Internet4Classrooms

[http://
www.internet4classrooms.com/](http://www.internet4classrooms.com/)

Summary: Internet4Classrooms is a website that contains a list of other websites organized by grade and content. You can find some great content here; however, be aware sometimes the links will be dead links.

Activity: Explore Internet4Classrooms and find ONE website you could use in your classroom this year. Post it with your integration idea in the collaboration here: [http://
technology4classrooms.wikispaces.com/Primary+Websites](http://technology4classrooms.wikispaces.com/Primary+Websites)

8. Switcheroo Zoo

[http://www.switcheroozoo.com/
make_play.htm](http://www.switcheroozoo.com/make_play.htm)

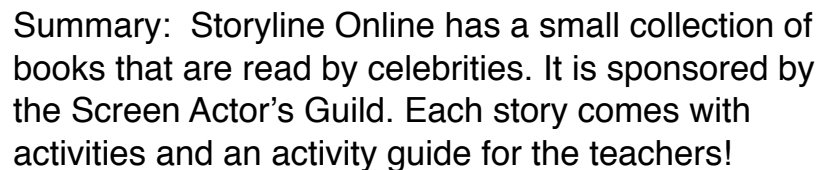

Summary: In Switcheroo Zoo, their focus is on animals and their habitats. It came about because their initial game was to create new animals by switching their legs and other body parts. Now it contains more content great for the classroom.

Activity: Explore either the “Make New Animals” or “Build an Online Habitat”. Be prepared to share an idea on how you could integrate this into your curriculum. Use the space provided to write down shared ideas.
